WHO WE ARE

Artists. Craftsmen. Builders. Poets. Aficionados. Anti-heroes turned reluctant heroes. We travel the world not for mere curiosity, but to be free and suck out all the marrow that life has to offer. It fuels our fire of creativity, and the tales of our adventures are the stuff of legend. We are true free spirits, rugged individualists, modern creative heroes that are driven to seize the day & truly **make it ours**.

Our Heritage

Serengeti was born in 1982 with a single mission – to deliver the best driving lens in the world. Founded by Corning and with a over 140 years of R&D in advanced optics, our revolutionary mineral glass lenses combined polarized, color-enhancing, and photochromic technology in a single lens.

Wrapped in the highest quality hand-crafted frames, Serengeti quickly became synonymous with the freedom of the open road and became the eyewear of choice for Hollywood's rebel creative culture.

Today Serengeti upholds this tradition of craftsmanship, innovation and spirit of pure unabashed freedom, to create what we consider to be nothing less than the...

soul
of
eyewear.

Our Iconic Lens

Our mission was to make the best driving lens in the world,
and we ended up making the best lens for,

well,
life.

Arthur

NEW

Inspired by American creative icons of years past, the Arthur conjures memories of a time when individual style was a pillar of creative expression. The round lens shape and straight frame lines embody a classic, understated, and intellectual style that tells a story without saying a word. Made with heirloom-quality materials and craftsmanship, Arthur is a piece your grandchildren will fight over.

Delio

The Delio isn't a mere tool to block the sun – when worn, it becomes part of who you are. Crafted from Italian acetate, Delio's iconic square frame isn't just for show; it's a nod to the ageless rebels, the outliers, the ones who live on their own terms. With optically superior mineral glass lenses, Delio delivers a visual clarity that is as sharp as your instincts.

Lenwood

Lenwood is a homage to a time when eyewear was meant to make a statement. In this case, it is a statement of subtle yet strong savoir-faire, a quiet confidence that doesn't need to be brash to be noticed. A larger rectangular frame constructed of rich Italian acetate that holds our iconic 3-in-1 lens, Lenwood is a road-tested world traveler at home where he decides to roam.

Winslow 2.0

The Winslow 2.0 is an evolution of its predecessor with a more robust temple design, offering a full-wrap, semi-rimless frame crafted from durable TR-90. The semi-rimless frame features an embedded grip in the temple tips to ensure a reliable fit, making the Winslow 2.0 perfect for those who seek a blend of style, performance, and enduring quality.

James

For those who favor the Winslow 2.0 but desire a smaller lens or fit, the James provides a streamlined alternative. This lightweight and sporty semi-rimless frame retains all the design elements of the Winslow 2.0, but is tailored for a smaller, more prescription-friendly fit. With grip-embedded temple tips and nose pads, the James promises a secure hold through any activity.

Lupton 2.0

The Lupton 2.0 is an evolution of a classic. This ultra-lightweight rimless frame features a more substantial temple design, with rubber-gripped temple tips and nose pads to ensure a secure fit. This minimalistic frame holds crystal clear, lightweight, impact-resistant lenses. Hitting the open road, helmet on or off - the featherweight design and medium-large fit and lens shape are the closest thing to windshields for your eyes.

Rick

Rick is the slightly smaller companion to our flagship rimless design, Lupton 2.0. It features the same featherweight rubber-gripped temple tips and nose pads, but with a reduced lens size to fit those who want a smaller fit. Like its elder sibling, Rick also features crystal clear, lightweight, impact-resistant lenses.
